BELGIAN SOCIALISTS

SOWING SEEDS OF DISCORD AMONG FRENCH LABORERS.

Tories Will Attempt to Show the Effect of Coercion, Repression and Landlordism in Ireland—King John Snubbed by the Czar—Other Foreign News.

LONDON, Aug. 2.—The strike which originated in Paris a few days ago in the defection of a few hundred navvies, has extended to the inclusion of thousands of that class of workmen, and threatens to involve an immense number of more skilled laborers. As is usual, not to say invariable, in such cases in continental cities, and in London as well, the strike has attracted a great many Socialists to the scene, the most of them coming from Belgium.

This element has for several days been industriously sowing seeds of discord among laboring men not necessarily affected by the strike of the navvies, and unless the police are more alert and show a firmer disposition to quell the prevailing disorder, the control of the idle crowds constantly marching in procession through the principal streets of the city will become too strong for them to handle, and their dispersion must ultimately be given over to the hands of the more numerous and harshly inclined soldiery.

Among the gendarmes the workingman, real or self-styled, finds much sympathy, and his acts of lawlessness upon occasions similar to the present strike are in a great measure overlooked or condoned; but with the military different methods prevail in dealing with mobs.

The fact that the Socialists have taken part in the contest between employee and employer, now being waged in the French capital, must finally prove of great disadvantage to the strikers, despite the fact that the harangues of the leaders of the Communistic party are having great effect on swelling the ranks of the paraders, and presumably bringing into the struggle laborers who otherwise would hold themselves aloof from participation in the fight.

The converts from the latter class, however, are comparatively small in number, while the greater number of the recruits are of the class of men who never work, but live upon the earnings of those who do, namely, Socialists. Even in a struggle with the military the honest workmen might have a chance, but the vagrant element has none whatever, and the sooner the former come to a realization of the weight of the handicap upon them by the sanguinary speeches of their voluntary leaders, the better it will be for them and the greater their chances of winning their fight with their employers.

Already several of the Belgian Socialists who have gone to Paris ostensibly to help the strikers, but really to accomplish objects of their own, are under police surveillance, and the strike will doubtless end with their arrest and imprisonment on sustained charges of crimes or misdemeanors committed, by some of them, years ago.

Parnellism and Crime.

LONDON, Aug. 2.—The house of commons is devoting all its time just now to a debate of the Parnell commission bill. The many amendments offered by the Liberals with a view to restrict the inquiry under it to Mr. Parnell and other individuals to be named and to definite acts and charges have been, as expected, voted down by the Tory majority. The bill is so comprehensive that it is impossible to inquire into anything and everything concerning everybody who is a member of the commons, subject only to the discretion of the commissioners, who are of Tory appointment.

Hence it is Mr. Parnell charges Chamberlain with divulging cabinet secrets while he was a member of the cabinet. It is simply a fight with a view on both sides of creating public sentiment in favor of the opposing Irish politics. On the other side there is certain to be compiled a record of crimes committed in Ireland and by the Irish, and charged to the league and the plan of campaign. On the other side of the Liberals there will be an effort made to hold up before the country a picture of the effects of coercion, repression and landlordism in Ireland.

The Czar Snubs King John.

ST. PETERSBURG, Aug. 2.—The czar has declined to receive the Abyssinian delegation of priests which has arrived here for the purpose of tendering assurances of the friendship of King John, and offering to Russia a port on the Red sea suitable for a coaling station. King John hoped that the czar, on acquiring an interest in Abyssinian trade might checkmate the designs of Italy upon his country. He can no longer rely upon England to do so, as she favors Italy's designs. The czar, however, has iron enough in the fire.

Foreign Notes.

Crops in France have been disastrously affected by the weather. According to the returns the yield of wheat will probably be 30,000,000 hectoliters short.

Tuesday evening the streets of Friedrichsruhe were decorated with triumphal arches, festoons, Chinese lanterns, etc., in honor of the arrival of Emperor William.

A meeting of the United States consuls in Italy will be held in Milan on August 3 for the purpose of discussing the formation of a society to concert means by which the friendly and commercial relations between Italy and the United States may be augmented and consolidated.

The circulation of reports that France intends to seize Tripoli has brought forth a note from a French semi-official source, which says the reports are regarded in government circles as a mask to cover the designs of Italy, whose increase of armaments is due to the fact that she has Tripoli in view.

Smallpox in an Ohio Village.

PARKERSBURG, W. Va., Aug. 2.—Dr. Gillespie, of the health board of Tyler county, reports smallpox at Stringtown, a small town in Ohio, opposite Sisterville. All communication between Sisterville and the infected town is cut off, and the locality quarantined for about two miles on each side of the river. No mails are allowed to leave the town, and government pension officers and other officials not allowed to enter the place.

HOPES FOR INGERSOLL

Harrison, the Preacher, Believes He May

Get Converted.

NEW YORK, Aug. 2.—Some years ago Thomas Harrison, the boy preacher, created a great sensation throughout the west by his marvelous influence as a revivalist. He has stirred New York city in the past few weeks such as few speakers have ever done. The old John Street church has not been large enough to hold his congregations, and he has converted thousands of souls.

Speaking of his work, he says:

"The success of the revival meetings here have been far beyond my expectations. I am very sanguine as to the results of the work among brokers, merchants and business men by scores at the meeting, many of whom were genuinely affected, and have experienced a change of heart. There is no reason why a man should not be a broker and also a good, consistent Christian.

"As to the conversion of reporters, I fail to see any reason why a man could not be a good Christian and yet be a reporter. I know several reporters who are thorough Christians, and I hope to see many more. Reporters in honesty and integrity compare favorably with many others. Their work is arduous, involving a great many uncommon qualifications and a capacity for hard work, but they, as a rule, discharge their duties faithfully. I, as well as every other man who wishes to spread the gospel, owe a great deal to the newspapers. The press is the great civilizing agent of the day. It educates the millions who form the masses in dealing with mobs.

"I think it is not healthful or helpful for women and children to read sensational accounts of murders and scandals, yet I question if it would be right to suppress too much. To learn the punishment which overtake criminals has sometimes a deterrent effect, but anything morbid, or likely to cater to morbid tastes, should be avoided. I believe that agnosticism is waning before the light of Christianity, and that there are fewer agnostics than the professors of agnosticism would lead us to believe.

"I do not believe it is possible for any reasonable human being to believe in his heart that there is no God. Infidels talk of their souls and let slip words which indicate that they believe in a hereafter in spite of themselves. Even Robert Ingersoll, it seems to me, talks sometimes as if he was forcing himself to believe that there is no God. A man with an intellect like his cannot believe in his inmost heart that there is no God and no future state. I have great hopes that Col. Ingersoll will yet be converted and declare himself openly a Christian. I would not be surprised to see him a member of the church."

THEY GOT INTO THE SAFE,

And Now are Likely to Get Into the Penitentiary.

CHICAGO, Aug. 2.—Frank C. Bush, a well dressed, good looking lad of seventeen years, is locked up at the Central station, awaiting the arrival of an officer from Madison, Wis., with a requisition for him on a charge of burglary. Bush is the son of Ira A. Bush, a well to do Chicago grocer. Frank, about two weeks ago, went to Madison to visit a friend named Harry Shaw, and while he was there young Shaw, with Louis Reed, Fred Morrell, and three other lads, devised a scheme to break into a safe belonging to Merrill's father.

The plans were successfully carried out and the young burglars realized about \$1,000. There was a great deal of excitement in Madison over the news that Merrill's safe had been robbed, and the entire police force of the city went to work on the case. Saturday night Bush left for Chicago. The following day one of the young thieves weakened, and now the entire gang has been arrested. The Chicago officials were notified that Frank Bush was wanted, and this morning two officers brought him in.

Bush takes the matter very philosophically. "Morrill," he said, "is a fast boy. It was Morrill who devised the robbery."

BESIEGED IN A MINE.

A Murdurous Gang of Alabama Moonshiners in a Tight Place.

BIRMINGHAM, Ala., Aug. 2.—A telegraph operator at Bockton, who arrived here Tuesday night, gave meager details of a bloody tragedy in Bibb county. For sometime a gang of moonshiners have been operating around the coal mines and railroad camps in that neighborhood. They became so bold they defied arrest, and the last United States marshal who visited that section was run out and ordered never to return. Last Sunday the gang waylaid and murdered a prominent citizen of the county for his money.

This caused such excitement that a posse was organized to hunt the outlaws. They were soon found, and after an exchange of shots the moonshiners took refuge in an old drift of the Brierley coal mines. The posse of citizens determined to starve them to death if they would not come out and surrender. Monday night one of the moonshiners made a bold dash for liberty, but was shot at by the posse and fell dead. The rest of the gang are still in the mines and the posse is standing guard.

A Minister Attempts Suicide.

ATLANTA, Ill., Aug. 2.—Rev. Cooper attempted to commit suicide Tuesday by driving a chisel into his heart, but the instrument was turned from its course by a rib. He then cut his throat from ear to ear with a drawshave, but did not sever the jugular vein. He then commenced hacking away at his head with a hand ax. Fully fifty scalp wounds were inflicted before a neighbor rushed in and disarmed him. Cooper is still alive, but is not expected to recover. He is a pastor of the Methodist church at Newark, but resides here. He is over sixty years of age, and was undoubtedly insane at the time of his attempt at self-destruction.

A Mad Dog Gets in His Work.

CHICAGO, Aug. 2.—A mad dog ran amuck through the town of Lake, yesterday, and bit four little boys, besides frightening any number of other people half to death. The dog was finally killed by the police.

Costly Fish.

CONNERSVILLE, Ind., Aug. 2.—A party of substantial farmers—Thompson, Cook, Thompson Sutton, P. Shepler, George Jones and others—went fishing with a seine, and have been fined \$5 for each fish caught, or a total of \$20 per man.

RAILROAD DISASTERS.

A LOCOMOTIVE BOILER EXPLODES ON THE READING,

KILLING TWO MEN AND INJURING SEVERAL OTHERS—THREE TRAMPS INJURED IN A BALTIMORE & OHIO WRECK—A NICKEL-PLATE FREIGHT GOES THROUGH A TRESTLE.

PHILADELPHIA, Aug. 2.—The boiler of a locomotive on the Philadelphia & Reading railroad attached to the Chestnut Hill accommodation, exploded at 11 p. m. Tuesday at the Ninth and Columbia avenue station, killing the engineer and fireman and injuring five passengers.

The killed are: Andrew Pond, engineer, aged thirty, and Peter Craiglow, fireman, aged thirty.

The injured are: Charles Ryan, James Brien, George L. Van Vert, L. P. Deveny and Thomas Crispin.

Ryan was terribly burned about the face, hands and legs, and his injuries are serious. He was removed to the hospital. The other four passengers are less seriously injured, and were all able to go to their homes. The force of the explosion turned the locomotive upside down, and the heavy machinery almost fell to pieces in its place on the track.

A Baltimore & Ohio Wreck.

BARNESVILLE, O., Aug. 2.—A wreck occurred on the Baltimore & Ohio railroad, a mile west of here, causing a delay of trains for several hours. Ten cars of a west bound freight were thrown from the track and their contents scattered over the embankments. Three tramps, giving their names as Harry Raycroft, of Ithaca, N. Y., and Glenn Edwards and Harry Williams, of Chicago, were badly hurt. Raycroft will probably die. The wounded men were brought here and surgical aid given them. The wreck will cause a heavy loss to the road.

Through a Trestle.

SILVER CREEK, N. Y., Aug. 2.—An east bound Nickel-Plate freight train crashed through the trestle, near this place, shortly after midnight Tuesday night. Eight cars fell twenty-five feet, smashing them into splinters, and scattering their contents in all directions. Brakeman William Phillips, of Conneaut, O., sustained serious injuries, and is in a critical condition. The trestle is badly damaged.

"I do not believe it is possible for any reasonable human being to believe in his heart that there is no God. Infidels talk of their souls and let slip words which indicate that they believe in a hereafter in spite of themselves. Even Robert Ingersoll, it seems to me, talks sometimes as if he was forcing himself to believe that there is no God. DEMOCRATIC TICKET.

For President,
GROVER CLEVELAND,
of New York.

For Vice President,
ALLAN G. THURMAN,
of Ohio.

AUGUST ELECTION, 1888.
For Sheriff,
JOHN W. ALEXANDER.

ANNOUNCEMENTS.

To the Democrats of the Ninth Congressional District: I beg leave to submit to you my name in connection with the Democratic nomination for Congress from this district. I have no claims to urge over those of any other true Democrat, and make my announcement with some degree of timidity. I hope to make the primary contest in such a manner as not to create dissension or division in the ranks of the party, and, whether I lose or win the nomination, I propose to remain the same unflinching Democrat I have always been. Respectfully, G. R. KELLAR. Carlisle, Ky., July 17, 1888.

FOR CONSTABLE.

We are authorized to announce that W. L. MOTAN is a candidate for Constable in Maysville precinct No. 2, at the election Monday, August 6, 1888. If he is elected, he will attend promptly and faithfully to the duties of the office.

We are authorized to announce GEO. W. COOK an independent candidate for Constable in the precinct No. 1 at August election 1888.

Notice to the County Democratic Executive Committee.

The members of the Democratic Executive Committee of Mason County are notified that a meeting of said committee will be held at the County Clerk's office Saturday, August 4th, at 2 p.m. Important meeting. THOS. J. CHENOWETH,

Chairman Executive Committee.

There is no discount on your Indiana Democrat, and no fleas on him. In the shops of the Encaustic Tile Works in that State the owners have placarded the legend. "If the Mills bill is passed there will be no reduction of wages in this establishment." That is fighting the devil's fire with dynamite.—Louisville Times.

TAYLOR, Ex-Minister to Liberia, and a colored man, who was a prominent member of the Indianapolis colored Democratic convention, says if the campaign is to be run on the issue of 1860, General Harrison will get no intelligent colored man's vote, because grandfather Harrison was violently opposed to abolitionism.—Exchange.

There are some colored men in this city who will not vote for the grandsons.

At the session of the M. E. Church Sunday school last Sunday morning the following resolution was unanimously adopted:

Resolved, That we tender our thanks to Mr. John Powers for the use of his beautiful grounds, also for the pleasant accessories of ice, water, and for the many courtesies received at his hands and from the members of his family on the occasion of our Sunday school picnic Wednesday, July 25.

An exchange says: "The negroes of the North have revolted against the bondage in which the Republican party has held them since 1865. Thousands of them are joining the Democrats and will vote for Cleveland, Thurman and lower taxation. The amusing part of the business is the rage of Republican editors, who would give every one of these 'runaway niggers' nine and thirty lashes."

FREE wool and reduced taxes on the necessities of life would double our woolen products; would double home labor in the woolen industries; would cheapen woolens over one hundred million dollars to home consumers, and would give our whole home market to our home industry.—Philadelphia Times.

And yet there are some poor deluded mortals who oppose free wool simply because the Democrats are seeking to make it free. Republicans right here in Maysville admit this. They favor tariff reform, but don't want the Democrats to have the credit of bringing it about.

A Word to Democrats.

The August election will come off next Monday, and it is the duty of every Democrat to turn out and vote for John W. Alexander for Sheriff.

Mr. Alexander is the unanimous nominee of his party. There was not one word urged against him at the nominating convention. He was selected by acclamation. He is an honest, straightforward citizen, has made an efficient and faithful deputy under Sheriff Perrine, and is worthy of the vote of any man, be he Democrat or Republican. More than that, as their party's nominee, he is entitled to the vote of every Democrat. Be on hand, therefore, Monday and give him your support.

His opponent, Thomas Forman, is an uncompromising Republican. The poll-books of past elections prove that beyond a doubt, and yet he is appealing to Democrats for their support. Let no Democrat be misled by his talk. Let every one be at the polls Monday and vote and see that his Democratic neighbors do likewise.

The future welfare and success of the party is at stake. Do your duty, and all will be well. Every vote is needed in this year when a President is to be chosen. There should be no break in the ranks.

INTERNAL REVENUE.

Large Increase in Collections Over Last July—Notes of Interest To Distillers and Dealers

General Robinson reports the collections of internal revenue in this district, for the month of July as follows:

Spirits.....	\$270,471.00
Liquor.....	129,49
Beer.....	249,75
Cigars.....	1,191.6
Tobacco.....	678.44
Special Tax.....	737.63
Total.....	\$273,438.48

The gain over the corresponding month of last year is \$21,317.47. The total collections made by General Robinson since he assumed charge of the Collector's office on June 8th, 1885, foots up the handsome sum of \$5,770,295.96. The Lexington Transcript says: "The indications are that collections in this district during the present fiscal year will exceed the amount collected last year by several hundred thousand dollars. Last year the collections made exceeded the year preceding by nearly \$300,000, so that it will be seen that the amount of business transacted in this district is steadily increasing."

Distillers generally in this district are declining to go into the whisky pool by which the production of the past season was greatly limited. Many of them are preparing to begin operations the approaching fall at much earlier dates than usual, and if the signs do not fail next season will be an unusually active one among Bluegrass distillers.

"Notwithstanding the large amount of whisky forced out of bond last month, as shown by the increased tax payments, not a single package was reported during the month from this district which is something unusual and a clear indication that the market for fine whisky is in a healthy condition."

ANDREW CARNegie SWORE before a committee of Congress that he made \$1,500,000 out of the Edgar Thompson steel works every year—a business that is protected by the tariff to the extent of 58.01 per cent. Do the laboring men think they are benefited by a system that permits a single individual to make a million and half off their labor every year?—Exchange.

Yes, and then this Mr. Carnegie not content with this enormous profit tries to increase it by forcing his employees to accept a reduction of 10 per cent. in their wages. Of course the high tariff gives protection—to Mr. Carnegie and other monopolists.

Mississippians in Mortal Combat.

PITTSBORO, Miss., Aug. 2.—A battle took place Tuesday between Bob Reagan on one side and E. N. Enoch, James Enoch and Charles Cochran on the other. The men had a dispute over business matter and Reagan was assaulted by the other three. He retired into a blacksmith's shop, followed by his assailants, and finding the back door locked, he drew his pocket knife and used it with such effect that in less than five minutes Cochran lay dead on the ground and the Enoch brothers were mortally hurt. Reagan received a blow with a bar that broke three of his ribs.

Heavy Storm in Iowa.

CLINTON, Iowa, Aug. 2.—A violent wind and rain storm visited here Tuesday evening, during the progress of which a barn belonging to Long Bnell, two miles west of Lyons, was struck by lightning and destroyed. A valuable mare and colt, farming machinery, etc., were also burned. Loss, \$7,000; insured for one-half. A horse was knocked down on the street and is said to have been fatally injured by lightning, which struck in at least a dozen places. One man was badly shocked, but will recover.

Happy Letter-Carriers.

NEW YORK, Aug. 2.—The letter-carriers of this city have begun work under the provisions of the eight hour law. The force has been increased one-fourth to meet the requirements of the law. The new order of affairs will interfere temporarily with the carriers' vacation by the substitute force being pressed into regular service. The men are jubilant that their two years' struggle for a few years' work has been successful.

Were the Officers Asleep?

ATLANTIC CITY, N. J., Aug. 2.—The post office here was entered by burglars Tuesday night, the safe blown open and \$1,200 in two cent stamps and \$200 in cash were stolen therefrom. Besides the above booty a portion of the registered mail matter was rifled. The postoffice adjoins the city hall and police headquarters, and this job was consummated within twenty-five feet of the officers on duty.

NEW YORK, Aug. 2.—William L. Bresce, senior member of the stock exchange firm of Bresce & Smith, has begun suit in the supreme court against William K. Vanderbilt for alleged breach of contract on a certain negotiation on Lake Shore stock. Damages are placed at \$1,000,000, with interest.

Digging for Gold.

AKRON, O., Aug. 2.—The denizens of Richfield, in the western part of this county, have temporarily quit farm work, and many of them are digging in a field for gold, all because William Wilkinson, a resident there, Monday unearthed several hundred dollars of gold coin neatly put up in a can. It being the former stamping ground of the once notorious Jim Brown, of historic fame, it is supposed that he buried the money, as it is shown that it has been in the earth for many years.

One Hundred and Five in the Shade.

CHICAGO, Aug. 2.—Dispatches from various points in northern Illinois and southern Wisconsin report Tuesday to have been the hottest day of the season—the temperature ranging from 90° to 105° degrees. A violent thunder storm is reported from several points and much damage was done by lightning, especially about Clinton, Iowa. A number of prosecutions from heat are reported, two fatal.

BILLY ROSS AND J. STERLING FIGHT NEAR DENVER.

Twenty-Seven Rounds Finish the Latter.
Two Fights in New York—Maud S in Training—Result of the Races at Saratoga—Tony Mullane in Trouble—Notes.

DENVER, Colo., Aug. 2.—Billy Ross, of San Francisco, and J. Sterling, champion middle-weight of Wyoming, fought twenty-seven rounds, London prize ring rules, for \$300, Tuesday afternoon, about twenty-five miles from this city. The fight lasted one hour and a quarter. No hard fighting was indulged in until the eighteenth round, when the Cheyenne man was sent to earth with a terrific right-hander. From the twentieth round until the last he was knocked down each time, but succeeded in coming to the scratch.

At the conclusion of the twenty-sixth round Sterling fell all in a heap, practically insensible. When "Time" was called in the twenty-seventh round he managed to crawl and stagger into the ring, too weak and too dazed to defend himself. He was knocked out by a swinging blow on the left jaw. Sterling was so humbled by his defeat that he swore he would not return to his home in Cheyenne.

Maud S in Training.

NEW YORK, Aug. 2.—Robert Bonner drove Maud S to Fleetwood Tuesday and back to the stables at 50 Sixth street. Speaking of the mare and her present work Bonner says:

"At present I am treating Maud as an athlete at college would be treated while training for a race. A champion college runner could be beaten by any country fellow if he jumped in and tried to run without preparation. The same thing is true of Maud, and I am bringing her into proper form gradually. I drive Maud to Fleetwood afternoons myself as part of her training.

"We do not regard Maud's present performance as authority to boast about, although no other horse living could equal them. On the Fleetwood track she made a mile Tuesday in 2:12 3/4. She trotted a mile in 2:13 1/4 on that track when Vanderbilt owned her, and that was one and one-quarter seconds faster than the best mile ever made on the track by Trinket, who came second to Maud S in the Fleetwood records. At that time the track was much faster, having been carefully covered with fresh earth. The covering has now worn away, and the track is cuppy. Trinket could have made no such time on a similar track.

"Maud has done no hard work, and when Murphy gives her an occasional fast mile, she makes remarkable fast time, considering the fact that she is always eased up coming up hill. In my opinion Fleetwood track is at least three seconds slower than Land track, and the conditions are such that 2:20 horses could come nearer their record than 2:06 horses. I have not decided what to do with Maud yet, but if any horses come near her record next fall, I shall probably let her trot against time, for I am confident she can beat her record of 2:08 1/4."

The Off Day at Saratoga.

SARATOGA, N. Y., Aug. 2.—Wednesday was an off day in the race meeting here, but there was a good attendance at the track nevertheless. The events on the card, of which there were five, were nothing out of the ordinary. The weather is clear and the track good.

The first was a three-quarters of a mile dash, for a purse of \$300, \$50 to the second. Business won, with King Crab second and Kermesse third. Time 1:17 3/4.

Second race, purse \$400, one and one-eighth miles: Amelia P first, Banjo second, Longaigh third. Time 2:00 1/4.

Third race, purse \$350, for non-winners, one mile at Saratoga, \$50 to second: Birthday first, Volatile second, Argos third. Time 1:49 1/4.

Fourth race, purse \$350, one and one-sixteenth miles: Brought On first, Ellington second, Red Stone third. Time 1:53.

Fifth race, steeplechase, over 1 fractional course No. 2, distance about one mile and a half, purse \$400: Killary first, Abraham second, Sanford third. Time 2:32.

Won on a Foul.

NEW YORK, Aug. 2.—Monte Lewis and Mike Burke, both of Coney Island, fought for \$100 a side and a purse of \$150 with gloves. Marquis of Queensbury rules, five miles from Bayonne, in a pouring rain, early this morning. Burke weighed 130 pounds and Lewis 110. Both are the same height and age. The fighting was hard and rapid up to the fifth round, when the contest was awarded to Lewis on a foul, Burke having kicked him in the chest while down.

SAN FRANCISCO, Aug. 2.—Joe Action, of Philadelphia, and James Faulkner, of San Francisco, wrestled here Tuesday night, catch-as-catch-can for \$2,500. The match was won by Action, who took the first and third falls. Time twenty-seven minutes in first bout, twenty-three minutes in the second and six minutes in the third.

Tony Mullane Arrested.

A Short Flight.
FORT JERVIS, N. Y., Aug. 2.—Sidney Mallock, of Hancock, N. Y., and Jack Hopper, of New York, fought near Cook's Falls, Delaware county, New York, Tuesday night for \$500 a side. Hopper was knocked out in one round.

For the Chesterfield Cup.
LONDON, Aug. 2.—The feature of the second day of the Goodwood race meeting was the race for the Chesterfield cup. It was won by Candlemas, Lisbon second and Dante third.

NEBRASKA STYLE.

A Mob at Pawnee City Compel a Murderer to Jump Into a Stream.

OMAHA, Neb., Aug. 2.—Fremont Emmons, the young man who stabbed to death Miss Bertha Schulte, a laundress, at Pawnee City several days ago because she rejected his proposal of marriage, was taken from the officers by a mob at Pawnee City at a.m. Tuesday and lynched.

The mob took Emmons to the railroad bridge in the western part of the city, and a minister was called to pray for him. Emmons then made a few remarks. He warned young men against the use of whisky, declaring it the cause of his ruin. He refused to say anything of the crime for which he was soon to swing. He neither admitted or denied it. At the conclusion of his speech he prayed briefly for himself. The rope being tied around his neck and fastened to the bridge, he was commanded to jump. At the second command Emmons made the fatal leap. He fell nearly ten feet. His neck was broken. He scarcely made a struggle. The mob then quietly dispersed, leaving the body hanging.

Hanged to a Tree.

NASHVILLE, Tenn., Aug. 2.—A mob of fifty armed men visited the jail at Carthage, Smith county, late Tuesday night, and taking W. H. Handley from his cell, hanged him to a tree. The sheriff refused to surrender Handley, and about thirty shots were exchanged between the officers and the mob. Handley killed Deputy Sheriff Warman last September while trying to rescue a prisoner from the officer.

Death of Well Known Mason.

LOUISVILLE, Aug. 2.—Dr. Robert Morris, one of the oldest and best known Masons in the United States, died Tuesday morning at his home in Lexington. About six weeks ago he was stricken with paralysis, since which time he has been slowly sinking. Dr. Morris was born in Mississippi August 31, 1816, and became a Mason in 1840 in Oxford, Miss. He advanced to the Cryptic rite in New York city in 1864, and the Rite of Memphis to the nineteenth degree in 1865. Dr. Morris was the acknowledged authority on all Masonic matters, and with Albert Pike, was considered the best posted Mason in the country.

A Juvenile Murderer.

LAFAYETTE, Ind., Aug. 2.—This morning while a number of young boys were congregated on Brown street bridge Burt White and Willie Ellsworth got into a wrangle, and during the controversy White drew a revolver and shot Ellsworth dead, then ran away. He was captured an hour or two after the shooting. White is only seventeen, and for some time has been recognized as the chief of the "Dirty Dozen," a set of hardened young vagabonds of this city.

Attempted to Murder a Sheriff.

NEW ORLEANS, Aug. 2.—The Picayune's Natchez, Miss., special says a cowardly attempt was made Tuesday night to murder Dr. W. E. Robb, the newly elected sheriff of Catahoula parish, at Harrisonburg, by William and Henry Haltman, who fired on the doctor without warning. Robb is in a critical condition.

Murderer Recaptured.

HELENA, Mont., Aug. 2.—Alexander Wood, colored, who recently escaped from jail at Blackfoot, Idaho, where he was to have been hanged for wife murder on July 20, has been recaptured, and is now on his way to Idaho. He will be hanged on August 17.
